Rosenberg	TX	77471

Dear FEC:

The Party Committee files this response in relation to the RFAI issued May 19, 2016, regarding the February 2015 monthly report, as amended on April 5, 2016.

1. The additional receipts reflected in the amendment were added pursuant to the Party's reconciliation of the cash on hand discrepancy, as the Party indicated would be undertaken to reconcile all reports.
2. The RFAI requests further information regarding four contributions from entities that are not political committees and possibly corporations, labor organizations or LLCs. The Party responds as follows:

The contribution reported as from "Billy's Bike Lights & Accessories" is misreported. This is actually a personal contribution from Billy Guerrero, III, who used to operate a business by that name. He has confirmed that the contribution, which was made with a PayPal account, was drawn from a personal account and not a business account. It appears that the name of the business entity was somehow imported or associated with the online transaction, even though the funds are from a personal account. The Party may provide further documentation if necessary.

The Party believes that the contribution from the Fry Law Firm is a contribution from a sole proprietorship and should have been reported as from the sole proprietor. We are confirming this information and will amend.

The contribution from "Muslim Council of USA" does not bear any indication that it is from a corporation, as there is no such indication on the check. We are attempting to confirm the entity's status and will take appropriate action as soon as possible, and plan to do so within a week.

Similarly, we are attempting to confirm with the contributor that the contribution reported as from Nimbus Realty is drawn from a sole proprietorship or single-member LLC account. We will confirm and amend as necessary.

3. As to the contributions from non-federal political committees, we are confirming that the contributions are attributable to "federal funds" and will amend to reflect same.

Sincerely,
Republican Party of Fort Bend County Federal Committee
